SECRETSUBJECT: Delay in sending the first cable about
OSWALD

1. Much has been written about the delay (by the Mexico Station) in sending the first cable requesting traces on the name Lee OSWALD. It was discussed in Dave Phillips book as a case of laziness on the part of the Soviet case officer (which in my view was unjust and unnecessary and indicates that Dave didn't know what he was talking about).

2. Normally, the Spanish transcript for the 1 October conversation would have been picked up on the morning of the 2nd of October. The Russian language portion would have gone to the Russian/English transcriber on the 3rd of October. The translation would have been returned the following day (4th) at which time, the Soviet case officer would have asked for the photographic coverage. That coverage would not have been in the station before the 7th since the film was still in the camera on the 3rd of October and it was picked up probably on the 4th, processed and passed to the Station on the next work day which would have been Monday, October.

3. Later the film was taken out of the camera every day but at that time, the film stayed in the camera until a full roll was completed which might take three or four days.

4. A name trace could have been requested on the basis of the name alone but that wasn't the way Win Scott ran that Station. He wanted the photographic coverage tied in with the telephone coverage .sometimes there was a U.S. automobile license number. It was also part of the "numbers game" of justifying a project by the number of dispatches, cables or reports produced.

Mexico Station Coverage of Soviet and Cuban Embassies (1963)1. Unilateral Coverage:

From the time the Mexico Station was opened in April 1947 until the arrival of Mr. Win Scott as Chief of Station in 1955, the Station had developed a support apparatus to exploit leads from the Soviet Embassy in Mexico City. This umbrella type project (LIPSTICK) consisted of multiline phone taps, three photographic sites, a mobile surveillance team and a mail intercept operation.

Telephone taps (LIFFAT) were placed by an employee of the local telephone company who was handled by a Station case officer. The number of lines tapped was limited only by the availability of a listening post nearby and the availability of language (English, Spanish, Soviet, Polish, Czech, etc.) transcribers. Generally, these were Mexican or Mexican-American recruited agents.

Three photographic sites were handled by a Station case officer assisted by technicians on TDY from Headquarters who advised the Station on the best types of cameras, films, and concealment devices. These operations had sub-crypts under project LIPSTICK (namely: LIMITED, LILYRIC and LICALLA). LIMITED was a fixed site directly opposite the Soviet Embassy (across the street) which had both a vehicle and a pedestrian entrance. The gate to the Soviet Embassy was on the northwest corner of the

Soviet compound and the LIMITED site was diagonally across a double laned street on the southeast corner of that block. (See attached diagram).

LIMITED was the first photo base and operated strictly on an experimental basis in the early stages. This base, however, was closed when the Station received word that the photograph of the "unidentified man" was being released by the Warren Commission. LILYRIC was an alternate photographic base. It was located in an upper story of an apartment building on the same side of the street as the LIMITED site but in the middle of the block south. It had a planted view of the front gate of the Soviet Embassy. LICALLA, the third photographic site, was located in one of a row of four houses on the south side of the Soviet Embassy compound. This site overlooked the back garden of the Soviet Embassy compound. The purpose of this operation was to get good identification photographs of Soviet personnel. The three photographic sites were managed by a recruited agent who was a Mexican citizen, the son of an American mother and Mexican father (deceased). This agent collected the film from the LIMITED and LILYRIC sites three times a week. The film was then developed and printed into 8 x 10 contact print strips. LICALLA film was originally processed in the Station but in early 1959, due to the resignation of a technician, this film like that of LIMITED and LILYRIC was processed on the outside by a recruited agent.

Mobile surveillance was conducted by two American staff officers. These two officers organized a surveillance team of six recruited agents which used late model cars and a panel truck for surveillance. The team could be activated by radio from the LIMITED site whenever someone of interest left the gate of the Soviet Embassy. These agents were aware of the LIMITED site since they had been issued LIMITED photographs for identification purposes.

The Station also conducted a unilateral mail intercept operation, LIBIGHT, which was handled by an American case officer. A recruited Mexican agent, who had a semiofficial status, obtained selected letters from a subagent employed by the Mexican postal system.

2. Liaison Coverage:

Liaison coverage was unreliable and insecure as characterized by the nature of the Mexican services at that time. The Mexican Direction of Federal Security (DFS), with which we conducted liaison, was a hip-pocket group run out of the Mexican Ministry of Government. This Ministry was principally occupied with political investigations and control of foreigners. Their agents were ~~BRUTAL~~, and corrupt. A Station officer trained a number of them in name tracing and travel control. In 1958, at the instigation of a Mexican official, a joint telephone tap operation came into existence. The operation, which became known as

LIENVOY, was run by a Mexican officer. The listening post had 30 lines connected at one time. The transcription room was staffed by Mexican Army officers. In 1961, because of mismanagement by the Mexican principals, the Station chief, himself, became the project case officer. A Station officer assisted him in the daily supervision of the listening post, and in picking up the transcripts and the tapes. There was also an American technician inside the listening post.

3. Oswald Coverage:

In mid-1962, the Mexican officer in charge of LIENVOY (the joint tap operation) asked the American officer at the LIENVOY listening post for the telephone numbers of the Soviet, Cuban and Satellite Embassies in anticipation of possible coverage. The Station immediately disconnected all of the unilateral telephone taps on these Embassies so that they would not be discovered when the Mexicans hooked up their taps. The Mexicans soon thereafter connected five Cuban lines, five Soviet lines, three Czech lines, two Polish lines, and one Yugoslav line. At the listening post, a live monitor made short summaries of conversations of interest which were then included in a daily resume for the Chief of Station. Later, when a reel was completely recorded, full transcripts were typed and passed to the Station; however, there was usually a time lag of a day or two. Reels which contained Russian

or a language other than Spanish or English were taken to another location for translation and typing. Mr. Boris Tarasoff did the Russian translations but because of the volume of Russian conversations, the translations usually ran about a week behind the date of the conversation.

As soon as the Station learned that an American identifying himself as Lee Oswald phoned the Soviet Embassy, Miss Ann Goodpasture of the Station started screening all photographs. However, here again, there was a backlog because the photographs were picked up three times a week but those picked up were usually for dates a few days before since the technician who was processing the film, did so on a night-time basis. Further, photographs were not made initially until a complete roll of film was used. Later this was changed and the operator cleared the camera at the end of each day regardless of amount of unused film remaining. The instructions were to cover the entire work day (office hours) and to photograph all Soviets, their families, all foreigners, and cars with foreign license plates. Human error did occur but generally the agents were conscientious. The Cuban Embassy coverage had more sophisticated equipment using a pulse camera which frequently developed mechanical difficulties.

Oswald came to the attention of the listening post operators from a tap of the Soviet line. It was picked up and taken to Mr. Boris

Tarasoff for translation because the caller was trying to speak in Russian.

There was some delay because Station personnel waited to compare the photographs with the typed transcript. All transcripts were made in either Spanish or English since the Chief of Station could read only these two languages and because he personally screened the transcripts for operational leads.

Subject: Background on Mexico Station Support Assets
(Coverage of Soviet and Cuban Embassies)

1. Unilateral coverage. From the time the Mexico Station was opened in April 1947 (by Bill Doyle) until arrival of Win Scott as COS in 1956, Charles Anderson III (still in LA/HQ) had developed a support apparatus to ~~exploit~~ exploit leads from the Soviet Embassy. This umbrella type project (LIFEAT) consisted of multi line phone taps, three photo sites, a mobile surveillance team and a mail intercept operation.

a. Phone taps were placed by an employee of the telephone company
who was handled by David WILSTED (pseudo). The number of lines
tapped was limited by availability of a listening post nearby
(since the taps were not made in the main central) and English/
Spanish (Soviet, Polish, Czech, etc) transcribers. Generally
these agents (mostly Mexican or Mexican American) were related
(which the station at that time felt was good security in that
if they talked about shop, they would talk to each other.)

b. Three photo sites were handled by Anderson with the help of Harry Mahoney (retired, living in Chicago) and TDY TSD people checking the best type of camera, film, and concealment devices. These had sub-cripts under LIFEAT (LIMITED, LILYRIC, and LICALLA). LIMITED was a fixed site bang opposite across the street from the front gate of the Soviet Embassy which had both a vehicle and foot entrance. The Soviet gate was on the Northwest corner of their compound and LIMITED was diagonally across a double barrelled street on the Southeast corner of

that block. LIMITED was the first base and it operated strictly on an experimental basis in the early stages. I think the Mexi Station bought one storey this property (a/Spanish Colonial stone house) through LIMOUSINE (check to be sure). Later this house began to fall apart. This base was closed when the Station got word that the photo of "uniden man" was being released to the public by the Warren Commission. The photo operators were moved to another apt nearby. The property was sold (under an operational agreement with LIMOUSINE for a long term lease on the top floor of a new apartment blding to be built on this site). LILYRIC was planned as an alternate photo base to LIMITED. It was in an upper storey (3rd floor -check) on the same side of the street as LIMITED but in the middle of the block South. It had a slanted view of the front gate of the Soviet Embassy. The agents in LIMITED and LILYRIC (both Mexican families) as far as we knew, were not acquainted with each other. LILYRIC was a rented apartment. LICALLA, the third photo site, was located in one of a row of four houses on the South side of the Soviet Embassy compound which the Mexico Station purchased in about 1958 (check date), also using LIMOUSINE as the purchaser (check). This site overlooked the back garden of the Soviet Embassy compound. The purpose of this operation was to get good identification photographs of the Soviet personnel (who at that time were largely unidentified in Mexico Station records). The three photo sites were handled by Ramon Alvarez (Mexican citizen of U.S. mother who taught elementary level at the American School). Ramon collected the film ~~delivered to him~~ from LIMITED and LILYRIC three times a week. His sister's husband, Carlos (Mexican doctor) developed and printed the film into 8x10 contact print strips. The master plan was for LICALLA film to be processed ~~inside~~ ^{but} TSD man from 1957 to 1959 (Harper Holt - resigned) could not handle the volume and as the unprocessed film began to accumulate, the inside CO (Mahoney) became disgusted and took the film out for Ramon's brother-in-law to process (probably early 1959). Thus Ramon became the handler for all three photo bases. A sensitive staff D monitoring operation

was run out of another one of these houses (crypt for the four houses was LIENST/1, etc). This was handled by Glen WIDDEN (outside TSD officer) and Mahoney using HQ TDY teams for monitoring. This operation was also separate from LICALLA. The two houses in between were rented to unsuspecting tenants.

c. Mobile surveillance was developed by Anderson and later placed under Mahoney and Joseph Sancho. This team consisted of a half dozen or so agents who used three to four late model cars and a panel truck (which could be used on stake_outs for photo coverage). The plan was to activate this group by radio (from LIMITED BASE) Soviet when someone of interest left the/Embassy gate and stay with them until they made their meetings. These agents knew about the LIMITED BASE because they had LIMITED photos for identification purposes. This worked fairly well until about the middle of 1958 (check date) when one of the surveillance agents got too close to his target and was arrested by the Mexican transit police and turned over to the Mexican Secret Service. By the time the Station could arrange through a cleared attorney to bail him out (Judd Austin of the Goodrich, Little and Rique ~~the~~ firm), the agent had identified Sancho (who was evacuated across the border at Nogales by Bob Shaw) and the inside phone number of Mahoney (who was subsequently replaced by Louis Puckett). As a result of this flap, the LIFFAT project was broken up into several others. The agents were not changed but were given new crypts. Frank Estancona and Peggy Naggard replaced Anderson in handling the unilateral phone taps. Puckett replaced Mahoney and handled the surveillance team (LIENTRAP) and the photo bases through Ramon.

d. LIBIGHT was the crypt used for a unilateral (originally) mail intercept handled by Charlie Anderson III. The agent (Mexican) had a semi official status and arranged to obtain selected letters from

a sub-agent in the postal system (I think at the airport). His case officers
Alfonso Spera,
were later Puckett, Robert Feldmann, and Alan White.

2. Liaison coverage was unreliable and insecure as characterized by the nature of the Mexican services at that time. The Mexican DFS (Direction of Federal Security) with which we dealt was a hip pocket group run out of the Ministry Of Government. This Ministry spent a major part of its time on control of foreigners and political investigations. Their agents were vicious, venal, corrupt extortionists. Robert Melberg established contact with one of them Jraqi Levine De Leon (later LIFIRE group) in about 1950 or 51. He gave them some training (a group of about five surveillance types) in travel control working the airport as well as file searches of names from DFS Hqtrs where the files were poorly organized and often inaccurate. Now and then, however, some useful information was developed but it could not be depended upon. Melberg was replaced by Phil Roettinger. (resigned and remained in Mexico), Mahoney, Thomas Hazlitt, and Robert Feldman. (one after the other)

During 1958, Win Scott met socially some of the cronies of the Mexican President elect, Adolfo Lopez Mateos. During this period, the U.S. Ambassador Robert C. Hill (reflecting the policy of then Sec State J.F. Dulles) was energetic in organizing groups to "fight communism". One of these seeds grew into a proposal Miguel Aleman (jr. son of former Mexi President), acting for Lopez Mateos, made to Win Scott for a joint telephone tap operation. This project (LIENVOY) went through about four distressing years of a shakedown. The Mexican in control (LIELEGANT) was inexperienced, old, and greedy. His son (LIENVOY-2) was a masterpiece of deceit and corruption. LIELEGANT also manipulated control over the principal agent of LIBIGHT mail intercept. The first case officer was Alfonso Spera inside with Turner Smith (retired) outside and John (TSD training officer for surveillance and head of the listening post where thirty telephone lines would connect as well as a transcription room

staffed by Mexican army officers.) Initially the station tried to meet every demand made by the Mexicans. Both Smith and John had language difficulties and personal problems associated with being outside the station so that the Mexicans were virtually uncontrollable, spending money as they pleased, squirmelling away equipment at enormous costs, and neglecting their part of the bargain in the production of transcripts or placing taps which we wanted. Spera was replaced by Jack Brady who found himself in the same pincer movement of having Scott approve a request by LIELEGANT that Brady had turned down by the son, LIEVOY-2. Finally when the cost became exorbitant and there was little to show for it, the project was revamped. Smith and John returned to the U.S. and were replaced by a TSD officer, Charles Flick, who was put inside the listening post to maintain the equipment./ Scott took over the project as case officer meeting with LIELEGANT. He designated Ann Goodpasture to meet dailing with Flick for routine supervision of the listening post, picking up transcripts and tapes. Goodpasture had no dealings with the Mexicans except when Scott was ill or out of town. Generally, all decisions were made by Scott. This was about late 1961.

3. My memory is a little vague about the origins of the Cuban Embassy but I think the staff first developed from a pro-Castro group celebrating on New Years eve 1959. As I recall, it was a makeshift arrangement of volunteers through most of 1960 and 61 with Tom Hazlitt producing voluminous reports on their activities and recruiting agents right and left among Cuban nationals in Mexico City.

4. Personnel assignments. Of interest to us now is who was in Mexico during the period prior to Oswald's visit and the subsequent investigation by the Warren Commission. To determine who was there and what they were doing I have grouped persons together chronologically with areas of their assignment covering from 1950 to 1969 so that ~~xxxxxx~~ names pop up, one can tell what period they were in Mexico and their assignments ^{when} at the time.

About mid 1962 (check date) LINVOY outside Mexi rept asked for the telephone numbers of the Soviet, Cuban, and Satellite Embassies. With this forewarning, LIFEAT (unilateral coverage) was disconnected. However, as I recall, the Mexicans connected 5 Cuban lines, 5 Soviet lines, 3 Czech, 2 Polish, and 1 Yugoslav line. The basehouse listening post had a live monitor who made short summaries of interesting conversations for a daily resume which was received each day around 8 a.m. (passed by Flick to Goodpasture to get to Scott before 9 a.m.) Later (when the reel was completely recorded) full transcripts were typed and passed to the station in the same way, however, there was usually a time lag of a day or so. Those transcripts which had Russian or another language besides Spanish or English went out of the listening post the day after the transcript (of other conversations on the reel) was typed. These reels were taken to another location where they were translated and typed. In the case of the Russian translations, Boris Tarasoff usually ran about a week behind the date of the conversation because of the volume of Russian conversations among the members of the Soviet Embassy. During this period (fall of 1963) the reels were probably being brought into the station and carried to Boris by one of the people from the Soviet Section or they may have been carried to him by Flick but I think I brought the reel in and gave it to Herbert Manell to take to Boris. Herbert Manell and his wife Barbara handled all of the processing of Soviet transcripts. My job involved screening the photographs as soon as we learned that the man calling himself Oswald was probably an American. However, here again there was a backlog because the photos were picked up three times a week but the ones picked up were usually for dates a few days previously because the doctor processed the film on a night time basis. Photographs were made usually until one roll was used but later we got it changed to one day coverage on each roll - in other words the operators cleared the camera each day whether there was any film a full roll of film exposed. Instructions were to cover office hours, photograph each

new Soviet and family, all foreigners and foreign licensee plates. Human error did occur but generally the agents were conscientious. The Cuban embassy coverage had more sophisticated equipment (a pulse camera) but it frequently developed mechanical difficulties. Bob Zambarnardi and Spathar (I think) handled this film - pick up and delivery. Lorna MacKay screened the film inside the station.

I am certain that the Oswald call came to our attention from the Soviet line. It was picked up and taken to Boris for a translation because the caller was trying to speak Russian. Any delay was caused by waiting to compare the photographs with the typed transcript. There were no copies of transcripts ever made in languages other than Spanish or English because Win Scott could read only those two languages and he personally screened the transcripts for operational leads he wanted pursued.

27 September 1963, Soviet Embassy Chancery 15-61-55

Item 295, page 3

At 1626 hours, A Soviet calls from the Soviet Embassy Chancery to the Cuban Consulate and asks for Sylvia DURAN. He asks DURAN if the american has been there.

DURAN: Yes, he is still here.

SOVIET: According to the letters that he showed them from the (Soviet) Consulate in Washington, he wants to go to the USSR to stay a long time with his wife who is Russian, but also the answer had not been received (by him) regarding his problem. That accordingly these transactions take 4 or 5 months but without prior approval from the USSR, they have to request and even then, they could not issue the visa here (in Mexico City) without asking Washington. Yet accordingly, this man (the American), showed him a letter in which he (the American) is a member of an organization in favor of Cuba and said that the Cubans could not give him the visa without the Russian visa and now the Soviet doesn't know what to do with him, because he has to wait for the answer from Washington.

DURAN: ...with them also, because the problem with him (the American) is that he doesn't know anyone in Cuba and in that case it is very difficult to give him a visa, because he was thinking of processing his visa, because he knew it was going to take a long time waiting for the Russian visa in Cuba, and then go on to the USSR.

SOVIET: ...that the thing is that if his (the American) wife were now in Washington (and) going to receive the visa right now or the permission from the USSR to return to her country, (if) she is going to receive her visa in Washington, then having this visa, she can communicate to whatever place, this permission, for example, here or in any other place (he) can receive it, but right now they do not have them.

DURAN: ...certainly and neither can (the Cubans) give him a letter because they do not know if the visa will be approved.

SOVIET: They can only give the visa according to instructions.

DURAN: Then that is what she will put on his application.

SOVIET: Neither can I give him any letter of recommendation because I don't know him and pardon me for bothering you.

DURAN: It was no bother, thank you very much.

An unidentified man (speaking Spanish) calls the Soviet Embassy Consulate at 1037 hours and asks for the Consul. He is told that the Consul is not there. The unidentified man asked what is needed to get visas to go to Odessa. He is told to call back at 1130 hours.

Item 137, page 2

At 1235 hours a man named ALATRISTE (not a Soviet) from inside the Soviet Embassy Consulate calls out to number 45-37-72 (Colonial America, probably a pension or hotel but number not listed in the telephone directory) and speaks with a man named SAN ROMAN. ALATRISTE says that he is in the Russian Embassy and they need to know what day the boat "KALONIA" will arrive in Odessa, that the Soviets will also need copies of the passenger manifest....

(One concludes that ALATRISTE and SAN ROMAN are shipping representatives for the boat "KALONIA", and needed routine visa information. First a call was made to the first listing for the Soviet Embassy in the Mexican telephone directory (which turned out to be the Military Attaché). They got the phone number for the Consulate and the address. After making a call to the Consulate and learning that it would not be open until 1130 hours, ALATRISTE went to the address to get the needed information.)

• Item 395, pages 7 and 8

Just after 1600 hours, the Soviet Consulate received a call from the Cuban Consulate (Sylvia DURAN) who said she had there a U.S. citizen who had requested a transit visa to Cuba because he is going to the USSR. DURAN wants to know with whom he spoke at the Soviet Embassy because she sent him over to them telling him that if the Soviets approved the visa then the Cubans would give him one without anything more, advising the (Department of) Immigration in Cuba. She wants to know with whom he spoke because he says that he doesn't know either with what person and who told him that certainly there would be no problem. The Soviet asks DURAN to wait a minute. After a short wait DURAN explains the same thing to another Soviet. This Soviet tells her to leave her telephone (number) and her name and someone will return the call. DURAN gives her name and telephone number 11-28-47 then says as a personal thing, she has moved and has not advised them of a change of address so will not receive their Bulletin and can give it to them now. The Soviet asks her to call KOUKHARENKO in order to change that address and asks for the name of the (Cuban) Cultural Attaché. DURAN says it is Teresa PROENZA whose number is 14-13-26. The Soviet thanks her.

MEMORANDUM FOR : The Ambassador
FROM : Winston M. Scott
SUBJECT : Lee OSWALD/Contact with the Soviet Embassy
Ambassador notified by COS MEETING OF

1. The following information was received from a usually reliable and extremely sensitive source: On 1 October 1963, an American male contacted the Soviet Embassy and identified himself as Lee OSWALD. This officer determined that OSWALD had been at the Soviet Embassy on 28 September 1963 and had talked with Valeriy Vladimirovich EOSTINOV, a member of the Consular Section, in order to learn if the Soviet Embassy had received a reply from Washington concerning his request. We have no clarifying information with regard to this request.
2. Our Headquarters has informed us that the OSWALD above is probably identical with Lee-Henry OSWALD, born on 18 October 1939 in New Orleans, Louisiana, a former radar operator in the U. S. Marine Corps who defected to the Soviet Union in October 1959.
3. This office will advise you if additional information on this matter is received.

WHETHER LEE OSWALD WAS IN MEXICO CITY IN LATE SEPTEMBER AND EARLY OCTOBER TO GET A SOVIET VISA AND A CUBAN TRANSIT VISA, DID HE WANT TO TRAVEL TO CUBA RIGHT AWAY, ALONE, OR HAVE HIS WIFE JOIN HIM THERE AND THEN LEAVE FOR CUBA, OR DID HE PLAN TO RETURN TO THE STATES FIRST AND THEN LEAVE LATER. CIA Withheld Vital Intelligence From War...

By ROBERT S. ALLEN
And PAUL SCOTT

WASHINGTON, Oct. 20.—The Central Intelligence Agency withheld vital intelligence information from the Warren Commission during its investigation of the assassination of President Kennedy.

Despite the commission's written request for all documents that might shed light on the assassination, CIA authorities failed to turn over a national intelligence estimate warning that it is Kremlin policy to remove from public office by assassination Western offi-

cials who actively oppose Soviet policies.

Titled "Soviet Strategic Executive Action," the suppressed CIA document went into the shocking details of how agents of KGB, the Soviet secret police, are trained to do away with Western leaders, including officials in the U.S., and to make their deaths appear due to natural causes.

One of the KGB's newly devised assassination weapons is "a pneumatically operated poison ice 'atomizer,' which leaves no wound or other evidence of the cause of death."

While this deadly weap-

on has yet to be used against any high Western official, hundreds of KGB agents covertly operating outside of Russia have been supplied with this pocket-size, gun, awaiting only orders from Moscow to use it.

The Murder Weapons

HIGHLIGHTS of the suppressed intelligence estimate, which is locked in a security area within the tightly-guarded CIA, are as follows:

"It has been reported that the KGB endeavors to remove the threat to Soviet interests posed by certain members of Western governments, sometimes arranging for the

dismissal of such persons from public office, at other times even having them 'eliminated' physically.

"Such activities are known to be undertaken against other types of persons in the West, notably defectors from the U.S.S.R. and from other countries of the Soviet bloc.

"One recently reported assassination technique is to electrocute an individual by luring him to use a telephone, connected to a high-voltage wire, during a thunderstorm.

"Another involves the use of a pistol which projects a poison gas in committee b

Other Suppressed

OTHER U.S. intelligence experts, very dubious of Russia's co-existence line, stress that the Warren Commission's findings might have been different if this CIA estimate and other documents suppressed by the State Department had been available for study.

They point out that the State Department suppressed evidence linking Oswald with one of its employes, who according to security files, "presented strong pro-Soviet views on every question that came up in the Department's U.S.S.R. country committee" while he was a member.

This State Department official's name also appeared in the address book of a suspected Soviet agent who arrived in the U.S. in 1943, according to government files.

Congressional investigators also have been shocked to discover that

the CIA's assassination shown by administration officials to Speaker John McCormack (Mass.) need in line to succeed President Johnson.

While FBI officials warned Speaker McCormack, a dedicated anti-Communist, that he is on the list of Western officials feared by the Kremlin, no CIA authority has shown the No. 2 man in government the CIA report listing these secret Soviet assassination methods.

Instead, McCormack learned about the report only recently from congressional probers who are trying to determine why the document has been suppressed.

The investigators also are trying to determine why the CIA in its pre-assassination report to the State Department on Oswald's trip to Mexico City gave details only of the defector's visit to the Russian embassy and not the Cuban embassy. The CIA did not report the latter visit until after Kennedy's assassination in Dallas.

While this deadly weap-

The Murder Weapons

HIGHLIGHTS of the suppressed intelligence estimate, which is locked in a security area within the tightly-guarded CIA, are as follows:

"It has been reported that the KGB endeavors to remove the threat to Soviet interests posed by certain members of Western governments; sometimes arranging for the

"One recently reported assassination technique is to electrocute an individual by luring him to use a telephone, connected to a high-voltage wire, during a thunderstorm.

"Another involves the use of a pistol which projects a poison gas in

liquid or compressed form. The gas is fatal within seconds and an autopsy would not reveal its use. Non-traceable poisons have been reported which do not take effect until several hours after being administered, thus allowing an assassin to be far from the scene when his victim dies.

"A knowledgeable source has described a pneumatically operated poison ice 'atomizer' which leaves no wound or other evidence of the cause of death."

Congressional investigators, who have asked that the name of their committee be withheld

for security reasons report that CIA Director John McCone made no mention of this explosive document in his secret testimony before the Warren Commission.

While McCone furnished the commission with the CIA's secret surveillance reports on Lee Harvey Oswald's eight days in Mexico City before the assassination, including details of Oswald's contact with the head KGB agent in the Soviet embassy there, the CIA chief gave no hint of the Kremlin's assassination policy.

In view of recent reopening of the publicity regarding Lee Harvey OSWALD and WOFACT evidence, Headquarters would like to determine whether the Station still has on hand the negatives from which the prints available at Headquarters were made of the unidentified "mystery man" coming out of both the Soviet and Cuban Embassies. If they are still on file, it is requested that they remain so, and that they be forwarded Headquarters for retention rather than destroyed if the latter action is ever contemplated.

o Memo passed to Mr. Papich of FBI 27 November 1963 with info on photo coverage of embassies and info on KOSTIKOV.

We have photographic coverage during daylight hours on the USSR, Cuban, Czechoslovak and Polish Embassies. Their consulates are located in the embassies and therefore the coverage of the embassies would include coverage of the consulates.

The photographic coverage of the mentioned installations is of a continuous nature during daylight hours, however, weather conditions and other factors affecting any photographic efforts require that the coverage not be considered as total or complete. Our efforts therefore do not produce photographs useful for identification of all persons who enter or depart such installations.

After examining all our traces on KOSTIKOV, we are convinced beyond reasonable doubt that he is a staff officer of the KGB. Contributing to this conclusion are his associates, his movements, his Mexican and other contacts and his cover position, as well as his involvement in the [REDACTED] operation.

KOSTIKOV's involvement in [REDACTED] is our only reason to believe that he is connected with the 13th Department. KOSTIKOV was in clandestine contact with [REDACTED] (as definitely confirmed by [REDACTED] photo identification) and arranged [REDACTED] contact in the U.S. with a KGB colleague of KOSTIKOV.

1. This refers to your letter of February 12, 1964 addressed to the Director of Central Intelligence which has been passed to me for reply.

2. Paragraph three of your letter requested the Agency to supply the Commission with a report on information in the Agency's possession regarding Lee Harvey OSWALD prior to November 22, 1963. The request was predicated upon the footnote on page two of CIA's report to the Commission dated 31 January 1964, entitled: "Information Developed by CIA on the Activity of Lee Harvey OSWALD in Mexico City, 23 September - 3 October 1963".

3. There is attached an exact reproduction of the Agency's official dossier on Lee Harvey OSWALD beginning with the opening sheet dated 9 December 1960. The entire dossier carries the security classification of Secret and consists of thirty documents arranged in chronological order. On the basis of clearances from the Federal Bureau of Investigation, the Department of State, the Department of Navy, and the Immigration and Naturalization Service, who were queried by us after the receipt of your letter, we are able to make available exact copies of all materials in the file up to early October 1963. 6 - MAR 1964

MEMORANDUM FOR: Mr. J. Lee Rankin

SUBJECT: Information in CIA's Possession
Regarding Lee Harvey OSWALD
Prior to November 22, 1963

1. This refers to your letter of February 12, 1964 addressed to the Director of Central Intelligence which has been passed to me for reply.

2. Paragraph three of your letter requested the Agency to supply the Commission with a report on information in the Agency's possession regarding Lee Harvey OSWALD prior to November 22, 1963. The request was predicated upon the footnote on page two of CIA's report to the Commission dated 31 January 1964, entitled: "Information Developed by CIA on the Activity of Lee Harvey OSWALD in Mexico City, 28 September - 3 October 1963".

3. There is attached an exact reproduction of the Agency's official dossier on Lee Harvey OSWALD beginning with the opening sheet dated 9 December 1960. The entire dossier carries the security classification of Secret and consists of thirty documents arranged in chronological order. On the basis of clearances from the Federal Bureau of Investigation, the Department of State, the Department of Navy, and the Immigration and Naturalization Service, who were queried by us after the receipt of your letter, we are able to make available exact copies of all materials in the file up to early October 1963. These include:

DEPARTMENT OF STATE
THE DIRECTOR OF INTELLIGENCE AND RESEARCH
WASHINGTONSECRET

OCT 25 1960

Dear Dick:

Our efforts to answer recent informal inquiries, including some from the White House Staff, have revealed that, though CIA and the FBI have detailed records concerning Americans who have been recruited as intelligence agents by Bloc countries, there does not appear to be a complete listing of those Americans now living in Bloc countries who might be called "defectors". Using the definitions of DCID 4/2, these persons might be described as those who have either been capable of providing useful intelligence to the Bloc or those whose desire to resettle in Bloc countries has been significantly exploited for communist propaganda purposes. This would mean that no attention need be paid to Americans whose resettlement within the Bloc had no counter-intelligence implications or had attracted no particular attention; for instance, this definition would not cover individual US citizens of East European or Chinese origin who returned to the "homeland" because they had never been completely assimilated into the American society.

There is attached a list of such persons, covering the last 18 months, and it would be appreciated if the Agency could verify and possibly expand this list for the use of interested Bureaus of the Department.

Sincerely yours,

Hugh S. Cumming, Jr.

Information Developed by CIA on the Activity of
Lee Harvey OSWALD in Mexico City
28 September - 3 October 1963

L. OSWALD's Activity in Mexico City

1. On 9 October the CIA Station in Mexico City received the following information from a reliable and proven source:

An American named Lee OSWALD had contacted the Soviet Embassy in Mexico City on Tuesday, 1 October 1963. He had spoken in halting Russian to the Soviet Embassy guard, Ivan Ivanovich OBYEDKOV, to whom he said he had visited the Embassy two days earlier, Saturday, 28 September. He asked whether there had been a reply to a telegram that the Consul with whom he had spoken, but whose name he could not recall, had promised to send to Washington. OBYEDKOV had attempted to establish the identity of the Consul with whom OSWALD had talked: if it had been a dark person, then it had probably been KOSTIKOV. OBYEDKOV,

after a check with Soviet Consular personnel, assured OSWALD the telegram had been sent to Washington but no answer had been received.

The information was forwarded by cable to CIA Headquarters the same day it was received.

2. A file check in Washington which is routine in these matters revealed the possibility of an identity between the Lee OSWALD who had spoken with OBYEDKOV, and presumably with KOSTIKOV, and the defector returnee, Lee Harvey OSWALD.*

3. On 10 October 1963 CIA Headquarters disseminated by cable the report in substantially the form and in the detail indicated above, in paragraph 1, to the Federal agencies whose jurisdictional interests had been established by a review of OSWALD's file: the Federal Bureau of Investigation, the Depart-

* The CIA file on Lee Harvey OSWALD was opened on 9 December 1960 to accommodate biographic information developed by CIA in response to an inquiry from the Department of State on a list of American defectors in Soviet Bloc countries. OSWALD's was among the names in the list. The Department of State inquiry was dated 25 October 1960. An interim reply was given by CIA on 3 November 1960; a final reply, on 21 November 1960. Until early October 1963 the contents of the OSWALD file held by CIA consisted entirely of press materials and disseminations received from the Department of State, the Federal Bureau of Investigation, and the Navy Department.

ment of State, the Navy Department, and the Immigration and Naturalization Service. A comment was included in the report noting the likelihood that the subject, Lee OSWALD, was probably identical with the former Marine who had defected to the Soviet Union in 1959. (The report disseminated by CIA in Washington on 10 October also included a physical description of an individual who was believed to have been the OSWALD who had contacted the Soviets in Mexico City. It was subsequently established by investigation that the description did not pertain to OSWALD.)

4. On the same day, 10 October 1963, CIA Headquarters sent a lengthy cable summary to the Mexico City Station of the background information held in the Headquarters' file on OSWALD. An instruction was included for the Mexico City Station to pass the substance of its 9 October report to the local representatives of the same Federal departments and agencies that had been given the information in Washington. This instruction was immediately carried out. In this manner the information on OSWALD's contact with the Soviets on 1 October was passed in Mexico City to the Embassy, the FBI representative, the Naval Attaché, and to the office of the Immigration and Naturalization Service. There were no requests from recipients of the report for further information or for follow-up investigation.

5. After the assassination of President Kennedy and the arrest of Lee Harvey OSWALD, an intensive review of all available sources was undertaken in Mexico City to determine the purpose of OSWALD's visit. It was learned that OSWALD had also visited the Cuban Consulate in Mexico City and had talked therewith a clerk, a Mexican national, named Silvia DURAN. After the assassination and the publicity about Lee OSWALD, Silvia DURAN had told a number of relatives and friends that she had talked to OSWALD about a Cuban visa. Silvia DURAN and her husband, Horazio DURAN Navarro, were detained and questioned by the Mexican police from 23 to 25 November 1963.

6. After giving some of the details of her own personal background - she is an admitted Leftist sympathizer and had formerly worked for the Mexican-Cuban Institute of Cultural Relations - Silvia DURAN said that when she first heard of the death of President Kennedy she had been depressed and thought the assassin must have been a maniac. When she learned that he was associated with the "Fair Play for Cuba Committee" she did not believe it.

7. She talked about the case to her husband and when she heard the name of Lee OSWALD mentioned, she recognized it as

the man who had come to the Consulate about two months before to get a visa to transit Cuba on his way to the USSR. She realized that he had said he was married to a Russian and that he had belonged to the "Fair Play for Cuba" group. She checked her file on him in the Consular archives and from the descriptive data, she was sure it was the same man. He was short, blond, poorly dressed and his face got red when he talked. He was denied a Cuban transit visa because he did not yet have a Soviet visa, and he was told to get the Soviet visa first, but it was noted that this would take about four months. She had asked the Cuban Consul himself, Eusebio AZCUE, to talk to OSWALD and they had an argument when AZCUE urged OSWALD to leave Mexico instead of waiting there. The Consul had phoned the Soviet Consulate and talked to the person handling OSWALD's case, who had said it would take about four months to hear from Moscow about the Soviet visa. The same afternoon, OSWALD had come back again and she had told him the same thing. She gave OSWALD a slip of paper with her name and telephone number on it in case he ever got his Soviet visa. He did not call back, she said.

8. Silvia DURAN's husband, Horacio DURAN Navarro, gave essentially the same story, as he had previously heard it from his wife after the assassination. He had never had any personal contact with OSWALD.

9. Silvia DURAN was reinterrogated by the Mexican police from 27 to 29 November but she did not change or add materially to her story about OSWALD.

10. It is known that the Cuban Ambassador in Mexico, Joaquin HERNANDEZ Armas, reported on the detainment and interrogation of Silvia DURAN by the Mexican authorities. The Cuban Government sent the Mexican Government a stiff note of protest, which the Mexicans rejected.

11. We are reliably informed that on 26 November, the day after DURAN's release, Cuban President DORTICOS queried HERNANDEZ about his report. HERNANDEZ confirmed that there had been an altercation between OSWALD and Consul AZCUE. DORTICOS made a persistent but unsuccessful effort to determine from HERNANDEZ whether the Mexican authorities had questioned Mrs. DURAN about money, or thought that the Cubans had paid OSWALD money.

12. The CIA follow-up investigation produced the following confirmed results which have a bearing on Mrs. DURAN's account:

a. 27 September. In mid-afternoon, Silvia DURAN informed the Soviet Embassy that a male American citizen had requested a visa to transit Cuba on his way to the

Soviet Union. She desired to know who the American had talked with at the Soviet Consulate. Also, she indicated that the Cuban Consulate could grant him the visa and arrange immigration details if the concession of a Soviet visa were assured.

b. 27 September. Pursuant to her inquiry, Silvia DURAN received a confirmation from the Soviet Embassy that the American had been to the USSR installation. He had shown them a letter from the Soviet Consulate in Washington indicating that he had been long awaiting a visa for himself and his wife to go to the USSR. No answer had come from Washington; however, the waiting period was sometimes four or five months. The American also had a letter attesting that he was a member of a pro-Cuban organization but he had claimed that the Cubans would not give him a visa unless he had already received a Russian visa.

Although the American was still at the Cuban Consulate, Silvia DURAN repeated that she could not give him a transit visa unless a Soviet visa was forthcoming, notwithstanding the American's wish to go to Cuba to wait

there for his Soviet visa. According to DURAN, the American knew no one in Cuba and she intended to appropriately annotate the American's card. The Soviet official echoed her statement that the American was not known.

c. 28 September. Silvia DURAN was again visited at the Cuban Embassy in Mexico City by the American seeking a Cuban transit visa. Mrs. DURAN contacted at least two members of the Soviet Embassy and facilitated a direct conversation between one of the Soviets and the American. Conversing in poor Russian, the American stated that he already had been to the Soviet Consulate and had lost an address. The Soviet official replied that he was aware of that. The American suggested that he had not known his address then, and he had gone to the Cuban Embassy to ask for the address, because they had it. The American then acceded to the Soviet official's invitation to come by and give them the address.

d. 1 October. In mid-morning an unidentified individual, speaking broken Russian, contacted the Soviet Military Attaché in Mexico City. He said he had been to

the Embassy the previous Saturday (28 September) and had talked with a Consul who had said they would send a telegram to Washington. Had there been a reply? He was referred to the Consulate for the information. These additional materials were promptly disseminated in Washington by the CIA to the White House, the Department of State, and the Federal Bureau of Investigation.

e. 1 October. See paragraph 1 above for Lee

OSWALD's contact with the Soviet Consulate.

II. Valeriy Vladimirovich KOSTIKOV

13. It is believed that the Soviet official with whom OSWALD dealt in Mexico City was Consular Attaché Valeriy Vladimirovich KOSTIKOV, born in Moscow, 17 March 1933. A photograph of KOSTIKOV is attached. In his letter of 9 November to the Soviet Consulate in Washington, OSWALD wrote about his "meetings with Comrade KOSTIN (sic) of the Soviet Union in Mexico City, Mexico." There is no official of the Soviet Embassy in Mexico City with a name resembling "KOSTIN", other than Consul KOSTIKOV.

14. KOSTIKOV is the senior officer of five Soviet Consular representatives who deal with visas and related

matters. There is firm evidence for the conclusion that KOSTIKOV is a Soviet State Security (KGB) officer, and the other four Consular officers are also known or strongly suspected to be Soviet State Security personnel serving under official cover. The State Security Service is the major of the Soviet intelligence services and it is charged with espionage, counterintelligence and related matters inside the Soviet Union and overseas.

15. It must be clearly stated that Soviet intelligence and security officers placed abroad under official cover normally are required to perform the routine and legitimate business demanded by the cover job in an embassy or consulate.

16. KOSTIKOV was first spotted as a KGB man because of his travels around Mexico, his habitual association with known KGB officers, and because consuls, in Soviet practice, are usually KGB men.

17. KOSTIKOV is believed to work for Department Thirteen of the First Chief Directorate of the KGB. It is the Department responsible for executive action, including sabotage and assassination. These functions of the KGB are known within the Service itself as "Wet Affairs" (mokryye dela). The Thirteenth Department headquarters, according to very reliable information, conducts interviews or, as appropriate, file reviews on every foreign

military defector to the USSR to study and to determine the possibility of utilizing the defector in his country of origin.

18. An intensive review of the files of our Mexico City Station was undertaken immediately after the assassination to comb out any previously unreported information about KOSTIKOV's activity. No useful new information bearing on the assassination resulted from this effort.

19. A close observation was maintained on the Soviet personnel, KOSTIKOV in particular, for days after 22 November. Nothing unusual or out-of-pattern was noted in the activity or movements of the Soviet personnel.

20. It is of parenthetic interest, however, that the Soviet Ambassador, when he made his call of sympathy on the American Ambassador, 23 November, was accompanied by two ranking intelligence officers who are in the Soviet installation under diplomatic cover. One is known to be from the State Security Service and the other is an identified Soviet General Staff Intelligence (GRU) officer.

III. Monetary Payment to OSWALD - Investigation of Allegation

21. On 26 November 1963 a young Nicaraguan named Gilberto ALVARADO Ugarte walked into the U.S. Embassy in

Mexico City and claimed he had been in the Cuban Embassy and Mexico City on 18 September 1963 when a man he later recognized to be Lee OSWALD had been given \$6,500 in cash to kill someone. ALVARADO was known to CIA as a former informant of a Central American security service and to have been used to penetrate communist guerrilla groups. He said that he was in Mexico City still working for his service, trying to get himself accepted by the Cubans as a communist so they would take him to Cuba for guerrilla training. ALVARADO clearly was a trained intelligence agent and he was able to describe people and locations well. He had apparently visited the Cuban Embassy and its Consular offices on a number of occasions and he correctly identified some twenty Cuban Embassy and Consular employees.

22. While intensive investigation in the United States showed that OSWALD could not possibly have been in Mexico City on 18 September (he was known to have been in New Orleans on both 17 and 19 September), intensive interrogation failed to shake ALVARADO's story. However, the Central American service for which he claimed to be acting, denied that he was still working for them.

23. On 28 November 1963, the Mexican police took ALVARADO over for further interrogation. At first, ALVARADO persisted in his story, but on 30 November he finally admitted in a signed statement that he had fabricated the whole incident of seeing OSWALD in the Cuban Consulate being paid to kill someone.

24. Once released, however, ALVARADO promptly retracted his confession, claiming that it had been extorted under threat of extreme duress.

25. Under ordinary circumstances CIA would have disregarded this retraction. But because of the importance of resolving the problem CIA personnel continued the interrogation in close coordination with the FBI. ALVARADO voluntarily agreed to a lie detector examination. A CIA polygraph expert, assisted by an FBI special agent, requestioned ALVARADO and secured admissions that he must have been mistaken. The CIA polygraph expert concluded from the results of his tests that ALVARADO had fabricated his story about OSWALD in toto.

26. It should be noted that when he first told his story on 26 November, ALVARADO could have known from the Mexican press that OSWALD had visited the Cuban Consulate

E: 1504 6.1.
27 November 1963

SUBJECT: Lee Harvey OSWALD

At 0915 hours on 27 November, Mr. Papich, FBI Liaison Officer, called to furnish in part such information as he has been able to acquire concerning the requests contained in our out teletype DIR 84951 on 25 November. With reference to A, B, C and D, aid of which relate to the extent of information which might have been acquired from OSWALD prior to his death, Mr. Papich advised that the Bureau is informed by the police (see notes) With reference to paragraph E, which deals with the question of when the Subject left New Orleans and the identifying background information concerning Mrs. Paine and the station wagon driven by Mrs. Paine when she drove the wife and child from New Orleans to Texas, he stated that the Bureau is working on that matter and he may have some information today.

Mr. Papich was advised that the Bureau is working on a matter of any information concerning the wife's dealings with the Soviet Embassy in Washington about visas to return to the Soviet Union. He also stated that the wife is being interrogated. These questions were put in para F of the mentioned teletype. He advised that we would receive subsequently a teletype response but he wanted to let me know at this stage what he had.

Mr. Papich emphasized that there are all kinds of reports coming in from all kinds of sources - "everybody except the North Pole." He felt that all of us have to keep our feet on the ground. He mentioned that a report is being prepared by the Bureau and it was hoped that it could be gotten out today and delivered to Mr. Katzenbach after which there would be a decision made as to whether it would be publicized and this decision would be made by the President.

Telephone Conversation between Mr. O'Neal and Mr. Papich at 0915, 27 November 1963Mr. Papich: On questions A, B, C, D - he was not questioned on any of those.

We have been told the police didn't and we finally got access to him and with the time given us up to then we questioned why the assassination and such, so those questions were never covered. We weren't given authority to move in until Friday so those questions were not covered.

With regard to E - Mrs. Paine, etc., we are working on that.

F - we have some information for you on that indicating communication between him and the Embassy up there.

The wife is being interrogated. I don't know if that took place yesterday or is still going on. You are getting a teletype answer on that. I am just giving you a preview.

With regard to that Nicaraguan's allegations that the man was in the Cuban Embassy on 18 September, I understand we do have information that he applied for a tourist card about the 15th of September. There is a record showing entry into Mexico on September 26. On about the 15th he applied in New Orleans for a tourist card. We do know he was in - I may even have some later information which came in during the night - As you know, he was in New Orleans the 25th when the family left.

Mr. O'Neal: He left there the same day.

P ; He was seen on the 25th and the landlady said he skipped during the night. He was last seen by the landlady then. Now we have immigration records showing him entering Mexico on the 26th which very strongly suggests that he was not in Mexico on the 18th. What we are trying to find out is where he was every single day - the 25th, 24th, and all the way back. I think the Nicaraguan story is fabricated myself.

O'N: It looks like it but I guess it has to be run out completely.

P: I understand he is not a very credible source and was dumped by the Nicaraguans. Well, that will be run out anyway but it doesn't look good. Bear in mind that on the 25th he was flat broke and he skipped out. Of course he may have had \$6,000 but we don't know.

O'N: You don't have any information on that - that he had money?

P: On the contrary he was broke. This will all shape up quite accurately in the next couple of days.

O'N: I've got a note on one here - there have been a number of them going over there during the night, Sam. I will give you some numbers if you want -

P: No, I'll let them take their course. They are in the midst right now in preparing a complete up-to-date report. They are documenting everything that took place from the beginning on through and they are probably going to try to finish that today. I understand once it is finished KUTZENBACH takes it. Kutzenbach will take it and confer with committed agencies and a determination will be made as to whether it will be made public or not. I guess the President will decide that.

O'N: We are doing a report and we will give you a memorandum on that sometime today. You will be over here this afternoon?

P: Very definitely.

O'N: We will give it to you then but I will mention it to you now. There is a Dr. Jose Guillermo Aguirre of Mexico who has told a story to a USIA officer on 26 November that a Marie Rodrigues de Lopex, widow of Lopez, had a son-in-law of hers who lives in New Orleans and was well acquainted

with OSWALD. The son-in-law is a Cuban, Ernesto Rodriguez who lived at 212 Jefferson Parish. That sounds like an incomplete address.

Papich: That's a county.

O'N: His telephone number is Vernon 4-9653 and this Rodriguez ARRESTED runs a Spanish language school and is anti CASTRO. According to Maria Rodriguez, her conversations son-in-law has taped conversations with OSWALD.

Papich: That might be referring to - there is a taped conversation - it's been on the air and has been publicized. There was a _____ who did interview him on or about the time he was arrested. In fact the transcript of that interview appeared in a newspaper there the other day.

O'N: This might be the same tapes and maybe there is some connection between Rodriguez and the other guy who had them. But we will put this in a memorandum and send it over to you.

Papich: Okay. Tell everybody to keep their feet on the ground. The Ambassador down there just went nuts. This will all shape up. It would be premature to move so quickly on that angle.

O'N: It might have been all right if we knew we would find other confirming stuff.

Papich: We have still got to look at all this stuff and investigate it but that Ambassador down there - I guess we have heard from everybody but the North Pole on it. If you let yourself go you will go into orbit.

Last part of conversation between Mr. Papich and Mr. O'Neal 27 Nov 63 at 10:

Papich: The last one pertains to KOSTYKOV. I may find in our files here - I think I can faintly recall we both came up with the same analysis - that is the allegation or the belief that he is in the 13th Department. Both you and we have information that KOSTYKOV is connected with the 13th Dept in KGB.

O'N: On the basis of an analysis isn't it?

Papich: I think so. Is that all you have - the basis of an analysis - or do you have anything more specific which would pinpoint him as being a member of that dept.?

EXCY I think that all stems from (FBI CRYPT).

O'N: Yes and Pete is familiar with that situation. All I can do is to call Pete. TME

Papich: The boss has asked that question and I want to have that all right.

O'N: I think we sent a thing over to you on that - I believe there was a CSCI on that. I am not sure - don't hold me to it - I will check on it. I am not going into any of the time elements. No, keep it right down, very brief and very simple.

HF asks LUISA if she has heard the latest news and LUISA, in a joking tone says, "Yes, of course, I knew almost before KENNEDY". HF smiles and comments that is very bad; that at first they thought it had been one of the reactionary extremists who were against integration and that, but it seems that they apprehended a type who is nothing more than the president of one of the committees of the Fair Play for Cuba. LUISA: That she knew this also. HF: That nothing has been confirmed yet, but it seems...that the one who did it, was crazy, independently of the fact that this could have been said about KENNEDY "given the international conditions and the internal conditions of the United States, well..." LUISA: And externally, principally. HF: That's why I say, internationally...it seemed quite affected and they can't go through a great change, with a change of President or something of that sort; above all, that...LUISA: Interrupts and asks if it was a gringo that killed him and HF says yes, but said that he had been in Russia, and that he wanted to become a Russian citizen, but Russia had not wanted to nationalize him... LUISA is surprised and says "Listen - they really know things there!" HF: Yes: that he knows Russian very well and besides this type had gone with Fidel's forces to the Sierra, or wanted to go, something like that - who knows how it was. LUISA: Pretty serious. HF: Quite a bit; he asks what else she has learned and LUISA says just about that, that they learned about it a little while ago and they are... HF: That it's all very bad, that he was eating with some friends and commenting on the Revista Politica which had just come out, when someone came and gave them the news; that he was surprised and thought he was joking. LUISA: That she had been looking at the magazine, that the comrade had brought it to her...HF: That

his friend commented that a Mexican had killed him, that suddenly he had realized that the United States had taken Texas from us and out of revenge killed the President; that it was all a joke, but they did not believe it until he told them to turn on the radio; that's what they did and they learned about it; that the last he had heard, a moment ago, was that that type is one OSWALD, that it is believed that this is the one, but he has not confessed anything... LUISA: But they already know that he speaks Russian and belongs to the Pro-Cuba Committee; that they already know that he wanted to nationalize himself, but he has not confessed. HF says she is right, adding that it could be that they tried to find some let's say solution from him, because... LUISA after asking him to wait a minute, asks him to go on. HF: We think that if it had been or had seemed... public or had been one of the segregationists or against integration who had killed Kennedy, then there was, let's say, the possibility that a sort of civil war would arise in the United States; that contradictions would be sharpened, the critical situation the country is going through, then we were commenting here, that they found a resolution in this type, no? More international; they will find it or it was true, who knows; let's see what happens. LUISA smiles and asks what will happen. HF: Who knows. LUISA: Imagine, one, two, three and now, that makes three (she laughs). HF: I think that it will be the topic of the day at that party of SILVIA's. LUISA: They suspended it because they could not go. HF asks why, and LUISA says "so that after they can say that we are observing the death of KENNEDY, then we spoke with SILVIA and she agreed to suspend it and leave it until next week, but it will not coincide with the burial (she laughs)". HF: That has to be taken into account. LUISA: That it will be after the mourning and all of that nonsense.

HF: Olney; he asks where she is going to stay now, and LUISA comments that now she plans to move tonight to the house of the doctor (female). HF asks if they know everything now, and LUISA says yes, but doesn't know how the thing is, or if they will have to stay in the embassy, however believes that today it will not be possible, because everyone has gone to the airport and the embassy has no car, however, possibly tomorrow morning instead of going to the study circle, she will move. HF: Then he will call her tomorrow. LUISA: To try the embassy or at the house, since if they will not stay at the embassy, she will go home where she will be at about 10. HF accepts.

Entrada 1730.- HF pregunta a LUISA si ya sabe la última noticia y LUISA en tono de burla, dice "sí, claro, me enteré casi antes que KENNEDY". HF sonríe y comenta que eso está muy mal; que en principio pensaron que había sido uno de los extremistas reaccionarios que estaban en contra de la integración y eso, pero parece que aprehendieron a un tipo que es nada más que el presidente de uno de los comités del trato limpio con Cuba. LUISA: que de eso también ya se enteró. amigo comentó que lo había matado un mexicano que de repente se había dado cuenta que los Estados Unidos nos habían quitado Texas y por venganza mató al Presidente; que todo fué broma, pero no le creían hasta que les dijó que prendieran el radio; que así lo hicieron y ahí se enteraron; que lo -- último que acaba de escuchar hace un momentito, es que ese tipo es un tal OSWALD, que se creé que éste sea, pero no ha confesado nada...

LUISA: pero que ya saben que habló ruso y que pertenece al Comité pro-Cuba; que ya saben que el tipo quería nacionalizarse, pero el tipo no ha confesado. HF le dá la razón, agregando que podría ser que trataran de encontrar digamos una solución de ese tipo, porque.....

LUISA después de pedirle que se espere un momentico, pide que le diga. HF: nosotros pensamos que si acaso hubiera sido ó si acaso parecía pública ó que había sido uno de los segregacionistas ó en contra de la integración los que habían asesinado a KENNEDY, entonces había digamos, posibilidad de que surgiera una especie de lucha civil ó guerra civil en Estados Unidos; digamos que se agudisaran más las contradicciones, la situación crítica por la que pasa el país, entonces estabamos comentando aquí, que encontraran una resolución de ese tipo no?, ya más internacional; ó lo van a encontrar ó fué cierto, quien sabe; pues vamos a ver que pasa. LUISA sonríe y pregunta qué pasará.

HF: quien sabe. LUISA: figúrate, uno, dos, tres y ya, ya son tres (se ríe) qué bárbaros!. HF: yo creo que va a ser el tema el día de ahora en la fiesta esa de SILVIA.

LUISA: que la suspendieron porque ellos no podían ir.

HF pregunta por qué y LUISA dice "para que después digan que estamos celebrando la muerte de KENNEDY, entonces hablamos con SILVIA y ésta aceptó suspenderla y dejarla para la semana que viene, pero que no coincida con el entierro (se ríe)".

HF: que hay que tener en cuenta eso. LUISA: que será después del duelo, del luto y todas esas porquerías.

Silvia DURAN calls the USSR Embassy and talks to an unidentified Soviet. She says that in the Cuban Embassy there is a North American who was at the Soviet Embassy. The Soviet says wait a minute. Silvia DURAN speaks English with someone - and comments in Spanish that they gave APARICIO telephone 14-12-99 and to take the number down - Silvia DURAN then says the American citizen is going to talk with you, i.e., the Soviet. The American first speaks Russian and the Soviet speaks English. They continue in English. The American talks broken Russian and says I was in your Embassy and spoke to your Consul. Just a minute. A Soviet takes the phone and asks the American in English what does he want? The American says please speak Russian. The Russian says what else do you want? The American says I was just now at your Embassy and they took my address. The Soviet says I know that. The American, in hardly recognizable Russian, says I did not know it then. I went to the Cuban Embassy to ask them for my address, because they have it. The Soviet says why don't you come again and leave your address with us, it is not far from the Cuban Embassy. The American says I'll be there right away.

OV. wants to know with whom he (American) spoke at the Soviet Embassy because she (OV) had sent him over to them thinking that if the Soviets approved the visa then the Cubans would give him one without anymore processing - only advising the Emigration of Cuba. OV - wants to know with whom he (American) spoke since he himself doesn't know either and he was told that there were no problems. IV. - asks that OV. wait a minute. 404- 410 OV is SILVIA DURAN of the Cuban Consulate and explains the same to the other IV. This one tells her to leave her name and number so as he can call her. SILVIA gives it to him along with the tel. num. 11-28-47.- Silvia says as a personal thing that she has moved and that she has not advised about her change of address and will not receive the Bulletin and she can advise them now. Salida al 1-28-47. - 1626 hrs. - ID pregunta a SILVIA que si ha ido allí ese americano. SILVIA que si, que allí está. ID que según las cartas que los mostró del consulado en Washington el quiere ir a la URSS para estar allí mucho tiempo con su esposa que es rusa, pero todavía no se ha recibido la contestación de Washington respecto a su problema, pero eso según los trámites ocupan unos cuatro o cinco meses pero sin tener ese permiso de la URSS deben de preguntar y mas bien no se le puede despachar aquí el visado sin preguntarle a Washington pero según este señor le mostró una carta en que es un miembro de una organización en favor de Cuba y ha dicho que ellos los cubanos no pueden darle el visado sin el visado ruso y ahora ID no sabe que hacer con él, porque deben de esperar la contestación de Washington. SILVIA que ellos también, porque el problema de él, es que él no conoce a nadie en Cuba y entonces si es así es muy difícil que le den la visa, porque él pensaba tramitar su visa, porque como él ya sabía que se iba a tardar mucho en esperar el visado ruso en Cuba y ya de allá irse a la URSS. ID que la cosa es que si su esposa está ahorita en Washington va a recibir ahorita el visado o el permiso de la URSS para regresar a la patria, ella va a recibir su visado en Washington pero teniendo ese visado ella podrían comunicarle a cualquier lugar ese permiso por ejemplo aquí o en cualquier otra parte lo puede recibir, pero ahorita no las tienen. SILVIA que claro y que tampoco se le puede dar una carta porque no saben si su visa será aprobada. ID que ellos solo dieron el visado según las indicaciones. SILVIA que entonces ese pondrá en su lamilla. ID que tampoco se le puede dar ninguna carta de recomendación porque no se la conoce y que "perdone" por la molestia. SILVIA que no hay cuidado y que muchas gracias. --- 331 ---

Out to 14-13-26.- (1625 hrs.)- (Cuban Embassy) IV. - asks the number of the Cuban Consul. OV. - It's -11-28-47.- 294-

295-

Out to 11-28-47.- (1626 hrs.)- IV asks SILVIA if the American has been there. SILVIA: says yes, he is here now. IV.- According to the letters that we showed from the Consulate in Washington he wants to go to Russia to stay for a long time with his wife who is Russian. But we have not received the answer from Washington concerning his problem and considering the processing it will take 4 to 5 months. Without that permission of the USSR they have to request... and better still the visa can't be given here without asking Washington. But according to this man, he belongs to an organization in favor of Cuba and he has said that the Cubans can't give him a visa without the Russian visa and I don't know what to do with him. I have to wait for the answer from Washington. SILVIA - We have to wait also because his problem is that he knows no one in Cuba and it's difficult to obtain a visa in these conditions. He expected to process the visa. He knew it would take long to process the Russian visa and would wait for it in Cuba and leave from there for the USSR. IV. - The thing is that if his wife is now in Washington she will receive the visa for returning to Russia. She will receive the visa in Washington and having the visa she can send it to any place for example here or any other place but right now she doesn't have it. SILVIA - Naturally, and we can't give him a letter of recommendation because we don't know if his visa will be approved. IV. - We will only give the visa according to indications. (instructions) SILVIA. - Then that is what I will put in my plans.

IV.- We can't give him a letter of recommendation either because we don't know him. Please pardon the bother. SILVIA - No bother and thank you very much.
